PUBLIC WORKS DEPARTMENT—BENGAL.

ROAD CESS.

NOTIFICATION No. 408.

Calcutta the 11th December 1888.

The subjoined annual accounts and reports of the District Road Committees of the districts of Hazaribagh, Lohardugga, Manbhoom and Singhbhoom for the cess year 1887-88, from 1st April 1887 to 31st March 1888, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

W. B. BESTIC,

Under-Secy. to the Govt. of Bengal.

No. 94DR, dated Hazaribagh, the 12th July 1888.

From—COLONEL C. H. GARBETT, Chairman, District Road Committee, Hazaribagh,
To—The Commissioner of the Chota Nagpore Division.

I HAVE the honor to submit herewith a detailed account of receipts and expenditure of the District Road Fund for the year ending 31st March 1888, together with the following report on the administration of the fund for the same period.

2. During the year under report the District Committee, consisting of 24 members, held four meetings for the transaction of business, a summary of which is given below. A quorum was obtained at all the meetings.

- (1). To consider the appointment of a Vice-Chairman in place of late Baboo Girindra Nath Mitter.
- (2). To re-construct the Standing Sub-Committee for the monthly audit of accounts.
- (3). To pass the half-yearly accounts and report for the half-year ending 31st March 1887.
- (4). To revise the budget estimates of receipts and expenditure in consequence of the change in the 'cess year' under Government circular No. 1538, dated 29th March 1887, and also to prepare the estimates of receipts and expenditure for the current financial year, and sundry other matters.

3. The accounts were as usual audited monthly by a Standing Sub-Committee appointed under section 174 of the Road Cess Act.

4. *Branch Committee.*—There is only one Branch Road Committee at Giridi, which held three meetings during the year, and in which the average attendance of members was five.

5. The year commenced with an arrear balance of Rs. 2,790, and as the demand for the year was Rs. 46,047, less the sum of Rs. 1,927 paid in advance in the previous year, the net demand realizable was Rs. 46,910. Of this sum Rs. 36,216 was collected during the year, leaving a balance of Rs. 10,695 outstanding at its close. In addition to the above, a sum of Rs. 500 was collected as advance collections on account of next year. The percentage of collection on current demand was 79.7. The percentage being below the prescribed standard was mainly due to the Ramgurb Estate, the largest estate in the district, defaulting to pay its last instalment of cesses, amounting to Rs. 17,814-10-8 on the 28th March 1888. This balance fell due owing to confusion arising through a change of Managers in the estate about the close of the year. The balance has been fully realized since.

Original Works.

6. The funds at the disposal of the Road Committee being barely sufficient to keep up all the existing roads, which aggregate upwards of nine hundred miles (including village roads), it was thought advisable not to take up any new work during the year under review. The sum of Rs. 2,384-3-8 shown as expended in original works was paid for works done in the previous year, which could not be paid before for want of sufficient funds.

Repairs.

7. *District Roads.*—Four metalled roads, aggregating about 53 miles in length, have been maintained in good condition. Seventeen fair-weather roads, about 300 miles in all, have been kept up. They are generally in fair order. The gradients of some admit of improvement, and the approaches down to beds of unbridged rivers and nullahs can also be made easier. For want of funds, the above improvements have to be taken up gradually.

8. *Village Roads.*—Thirty-six village roads, to the length of about 166 miles, have been repaired, and the approaches down to beds of rivers and nullahs, too numerous in this hilly country to admit of being bridged, have been sloped and made practicable for wheeled traffic.

9. No new trees were planted during the year under report, the number of trees already under protection (14,000) being too large to be maintained with efficiency with such funds as the Committee could spare.

10. *Nursery Garden.*—The Road Cess Office compound has been utilised as a nursery garden. The nursery contains 815 date trees, 81 jamun, 66 neem, 6 peepur, 158 mango, 3 banian, 32 karonje.

11. *Staging Bungalows.*—There is only one staging bungalow under the Committee, situated at Ramgurb on the Ramgurb and Gola road. It yielded an income of Rs. 129 during the year under review, and its maintenance cost Rs. 178-4-0.

12. A sum of Rs. 5,500 was placed at the disposal of the Giridi Branch Committee, during the year. Of this sum Rs. 2,338-13-6 was spent in repairing 11 village roads, and Rs. 459-3-11 in paying the cost of establishment under the Branch Committee, leaving a balance of Rs. 2,702-1-5 unexpended at the end of the year. The Sub-Divisional Officer of Giridi reports that in consequence of the Government order regarding the change in the cess year being received late during the year, a revision of the estimates was rendered necessary and the works could not be commenced earlier during the year, moreover, difficulties were experienced in finding contractors willing to undertake the works. Thus most of the road works, though commenced within the year, were neither completed nor paid for before the close of the year.

H. O. MITTER,
Vice-Chairman.

No. 16D.R., dated Ranchi, the 14th April 1888.

From—E. G. LILLINGSTON, Esq., Deputy Commissioner, and Chairman of Road Cess Committee, Lohardugga,

To—The Commissioner of Chota Nagpore.

I have the honour to submit herewith the annual accounts and report on the working of the Road Cess Act IX (B.C.) of 1880 for the cess year ending 31st March 1888.

3. * * * * * The attendance of both official and non-official members of the District Committee during 1887-88 was more satisfactory than in the previous years, for out of five official and nine non-official only one official and two non-official members did not attend six consecutive meetings. The name of one non-official member had to be struck off the list under section 115, Act IX (B.C.) of 1880, and the other has resigned, and their places have been filled up. Regarding Palamow Branch Road Cess Committee * * * the attendance of the non-official members was unsatisfactory.

4. A summary of the business transacted at the meetings of the District Road Cess Committee is given below :—

- (a). Passing the budget estimates.
- (b). Fixing the rate of road cess to be levied during the year.
- (c). Passing the half-yearly accounts for 1886-87.
- (d). Passing the estimates submitted by the District Engineer for the repairs of different roads during 1887-88.
- (e). Disposing of other miscellaneous business.

5. G. W. Place, Esq., c.a., Officiating Joint-Magistrate, held the office of Vice-Chairman through the year.

6. The demand on account of cesses on lands and mines during the year, including arrears of last year, amounted to Rs. 52,105. Of this Rs. 1,968 was collected as advance during the previous year, and Rs. 48,127 has been collected within the year under report, thus leaving a balance outstanding on the 31st March 1888, Rs. 2,010. In addition to the above a sum of Rs. 610 was collected in advance on account of the ensuing year 1888-89.

7. The cess was levied at the maximum rate; there was no difficulty in collecting it at head-quarters. In the Palamow sub-division also the payments appear now to be more punctually made than before.

8. The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Vice-Chairman and two other English-knowing members.

9. *Original Works.*—The total provision made in the budget estimate under this head could not be expended owing to the revised project of the Ranchi and Lohardugga road bridging (which was left incomplete by the late District Engineer and was completed by the present District Engineer) not being sanctioned by Government within the year. But a sum of Rs. 2,842-9-11 was paid for collecting materials. There is every prospect of the bridges being completed during the year 1888-89.

(I).—*Ranchi-Chandil Road.*—The survey of this road, as far as it lies in this district, has been completed.

(II).—*Boundary of Head-quarter Sub-division to Dallongunge.*—Survey was made plans and estimates prepared for the Charowdi Ghât Diversion, for which an allotment was made in the Budget Estimate. But as this work is not considered a very urgent one, and there are more important works to be done on this road, it has been decided to postpone this work.

(III).—*Surveys for the Kuru and Lateyhar Road Diversion and the preparation of project for the Ranchi and Lohardugga road* have been finished.

10. *Plantation.*—The work of tree-planting has been extended over five miles of roads, and during the year 900 new trees, some supplied by the Superintendent of the Botanical Garden, Calcutta, and some taken from nurseries, have been planted on the road-sides. The total length now planted out is about 108 miles.

The trees planted are thriving.

11. *Repairs.*—*Ranchi and Lohardugga Road.*—This very important road, over which very heavy traffic passes, has been kept in fair order. About nine and a half miles have been gravelled in this year, and this will continue as funds become available.

(a).—*Lohardugga-Chatra Road.*—This is also a very important road and has considerable traffic. This year some 18 miles of the road have been thoroughly renewed and the entire length maintained in fair order.

(b).—*The road from Kuru to the Head-quarter Sub-division boundary towards Dallongunge.*—This road is maintained in good order, and one large temporary bridge of sâi-wood platform and dry rubble abutment has been constructed. The road requires re-alignment in order to avoid the Moorgoo-Jhoriah ghât and a number of unbridged nullahs.

(c).—*Ranchi-Dundgaon Road.*—This is the direct road to Chybasa, the head-quarters of the Singhbhum district, old Chuckerilburpore. Besides reconstruction of 12 miles of the road, ordinary repairs throughout have been executed.

(d).—*Ranchi-Chandil road.*—This is the nearest road from Ranchi to the Chandil station of the Bengal-Nagpore Railway. There is correspondence going on regarding this road, and it remains to be decided whether this road or the Ranchi-Dundgaon road will be

taken up as a provincial one by the Public Works Department. Ordinary repairs have been executed and some 30 lineal feet of temporary bridges have been constructed.

(e).—*Ranchi-Palkote Road*.—Besides ordinary repairs, about 14 miles of roads have been renewed and ten small culverts of dry-rubble and flagstone and three large temporary bridges constructed, and 57 stone mile-posts put up. The road is now opened for cart traffic up to Bussia, and next year it is proposed to extend it up to Palkote.

(f).—*Khunti and Kamdera Road*.—Besides the reconstruction of about 10 miles of the road and construction of dry rubble and timber temporary bridges, the entire length of the road was maintained in good order by patch repairs. Thirty stone mile-posts have been put up.

(g).—*Ranchi-Palma, Ranchi-Gola, Ranchi-Pithoria, and Bundu-Jhalda*.—Ordinary repairs have been undertaken on these roads; they were kept in good order.

(h).—*Lohardugga-Bumbulpore Road*.—Three miles of this road have been constructed where only a mere track existed before; 150 running feet of temporary bridges have been reconstructed.

(i).—*Palma-Lohardugga*.—Some 16 miles of road have been newly constructed over the existing foot track. Five dry-rubble and flag-stone culverts have been constructed. The road is now opened for cart traffic to Lohardugga.

12. *Petty roads*.—One mile of the Lalpore petty road has been metalled, and the others have been maintained in good order.

13. *Road from Oranga Stream to Dallongunge*.—Besides reconstruction of some seven miles of the road and repair and reconstruction of a good many jungle wood temporary bridges, the road has been maintained in good order for ordinary traffic, and about one and-a-half miles have been gravelled.

14. *Dallongunge and Maharajgunge Road*.—This is one of the most important roads in the Palamow sub-division, and has heavy cart traffic. This year the road has been properly opened for traffic up to 37th mile by thorough renewal of some 17 miles of road with construction of some temporary bridges, and the road throughout was kept in fair order.

15. *Dallongunge and Gurwa Road*.—This road has been thoroughly repaired during the year, and nine temporary culverts, have been constructed.

16. *Gurwa Untari, Gurwa-Majiwan, Majiwan-Jupla, Dallongunge-Bihar, and Laski-gunge-Panki*.—Most of these roads, or at least greater parts of them, are mere tracks; very little work has been done this year and only very bad portions made passable.

17. *Dallongunge Station Roads*.—The roads have been thoroughly repaired during the year under report. Four dry-rubble and flagstone culverts have been constructed.

18. *Village roads*.—In the head-quarters sub-division, some 21 miles of new roads have been constructed and 83½ miles properly maintained, and many temporary bridges constructed. In the Palamow sub-division some 20 miles of roads have been maintained.

19. *Accounts*.—The monthly accounts of the Road Fund and of the District Engineer's Office were examined by the Vice-Chairman and two other English-knowing members of the Committee who were appointed for the purpose.

20. The Local Auditor inspected this and the District Engineer's office on the 26th April 1887, and the result was satisfactory, as mentioned in my last year's report. No professional Auditor has inspected these offices since.

21. The establishment entertained under the Road Cess Act are—

- (a). Establishment for collection of revenue.
- (b). Committee's office establishment.
- (c). Engineering establishment.

22. The establishment for collection of revenue at head-quarters consists of one head clerk and accountant, one assistant clerk, one mohurir and one peon. These officers also do the work connected with the Committee's office, for which there is no separate establishment. The establishment under the Sub-divisional Officer of Palamow consists of one clerk and one peon. The head clerk and accountant, Baboo Nundo Lall Chatterjee, has worked very well during the year under report and has given me entire satisfaction.

23.

24. The District Engineer reports that the sub-overseers and clerk employed under him in the head-quarters sub-division of the whole worked fairly well. The overseer in charge of the Palma sub-division also did his duties well.

25. The roads, bridges and culverts mentioned in the budget estimate for 1888-89 (sanctioned by Government) are the works proposed to be taken in hand during the ensuing year 1888-89.

26. The works have all been executed by contract during the year under report, and the small sums advanced to the contractors have been adjusted except in a few cases.

Annual Report of the District Road Committee of Manbhoon for the cess year 1887-88.

1. *Working of Cess Act IX (B.C.) of 1880.*—Statement A shows the demands, collections, and balances of cesses for 1887-88 as compared with the year previous. The outstanding balance of 1886-87 was Rs. 51,567, and the demand of the year under report was Rs. 89,420, against Rs. 46,708 and Rs. 91,387, respectively, for the previous years, thus:—

	Rs.
Arrears of cesses on lands for 1885-86	45,395
Ditto on mines and quarries	493
Ditto on jungles	1,015
	46,708
Demand on lands for 1886-87	80,126
Ditto on mines and quarries	9,274
Ditto on jungles	1,987
	91,387

There has been a decrease of Rs. 1,567 in the demand, due to the reduced assessments on some of the coal mines and quarries; also due to the remission sanctioned by the Board of Revenue.

The collection of the year was Rs. 97,431; against Rs. 87,041 of the year previous, showing an increase of Rs. 10,390.

Out of the balance of Rs. 43,956, shown in column 10 of the statement, Rs. 61 have been remitted by order of the Board of Revenue, and the net balance to be collected is Rs. 43,895, of which Rs. 21,021 represents the arrears of the kists ending 28th and 31st March 1888, the payment of which could not be enforced till after the lapse of 15 days. Deducting the amount of March kists, the balance is reduced to Rs. 19,874, of which Rs. 12,898 are due from the Pachet Rajah alone, who does not pay the cesses punctually. Certificates were issued in all cases for realization of the arrears, and steps are taken for the attachment and sale of immoveable property of zemindars and holders of lakhiraj estates.

The following mines and quarries were assessed during the year as compared with the year previous:—

	Coal mines.	Stone quarries.	Obnoxious quarries.	Amount of assessment.
				Rs.
1886-87	7	34	7	7,157
1887-88	12	15	7	7,179

The road cess year has now been assimilated to the financial year under orders from Government. This necessitated the valuation of coal mines, quarries, and jungles for the six months ending 31st March 1888. This valuation was completed during the year under report, and cesses due for these six months are being realized.

The cesses were not paid regularly in all cases. The people of this district generally wait till the certificate procedure is put in force. In cases of small amounts due by owners of jungles, notice was given in quarter anna post-cards to pay up the dues within a fixed time, and the experiment proved successful in some cases. This practice was adopted to avoid the trouble and expense incident to the certificate procedure.

There were a few objections to the assessment of jungles, on the ground that the owners derived no profit from their jungles; some were overruled for want of evidence, and in others the assessment was reduced.

The operation of the Cess Act has led to the improvement of roads and communications the details of which are given further on.

2. *Working of the Committee.*—The Committee met 13 times during the year under report, and there was no meeting without a quorum. * * *

The following is a summary of work done by the Committee during the year:—

- (1) Passing monthly Road Fund accounts, audited by a Standing Sub-Committee every month.
- (2) Nominating certain gentlemen as members of the Sudder Committee, and proposing the appointment of the Sub-divisional Officer of Govindpore as an *ex-officio* member of the Sudder Committee; suggesting that advances be made to him by the District Committee for the purpose of expending on the sanctioned works, and requesting submission of all accounts by him to the Committee.
- (3) Preparation of a revised budget estimate from 1st April 1887 to 31st March 1888 in consequence of a change of road cess year, and submitting the same to the Commissioner for sanction.
- (4) Discussion over the Chairman's proposal, regarding the present importance of the Burrabazar road and its increased future importance as a railway feeder from Midnapore, and approval of the same.
- (5) Passing accounts and report for the half-year ending 31st March 1887.
- (6) Passing of the budget estimates of receipts and expenditure for the cess year 1888-89.

3. *Branch Committees.*—None in district. Maintenance of village and other roads in the Govindpore sub-division is under the management of the Sub-divisional Officer, who draws cheques against allotments made in the budget annually; the cheques, &c., being signed and countersigned by the Chairman and Vice-Chairman of the Sudder sub-division.

5. *Works done during the year.*—Abstract of all works done during the year and the respective cost is shown in Appendix B.

(a). *Sudder sub-division.*—The provision under head "*Original works*" consisted of—(1) a 6-feet culvert in the Raghunathpore and Ranigunge road; (2) finishing the new approach of the Subornorekha; (3) surveying and preparing projects for the Railway feeders. (4) A sum of Rs. 8,000 was provided for construction of the Jubilee building in Purulia, in a portion of which the District Road Committee's office will be accommodated; the building is now under construction.

Repair works.—In the Sudder sub-division consisted of the following:—

The two roads from Purulia towards Chybausa and Bankura have been repaired and improved with gravel. Screened gravel and quartz stone metal have also been collected for improving some of the worst portions of these two roads. The metal and gravel collected will be spread and consolidated during the ensuing rainy season. The road from Raghunathpore towards Bankura was thoroughly improved by spreading a considerable quantity of gravel, besides its annual maintenance. Some temporary stone culverts have been constructed and earthwork done on the Hura-Manbazar section of the Raghunathpore-Manbazar road, and the road is now fit for cart traffic as far as Pancha. The Ledhoorka-Gouraudi road (an old famine road) was taken up for repairs during the year. A good deal of earthwork has been done, and some decent temporary stone culverts and causeways constructed, making the road fit for cart traffic between Ledhoorka and Kashipore, a distance of ten miles. The Burrabazar and Kailopal road was also much improved this year by constructing some rough stone culverts and causeways, and making it quite fit for cart traffic as far as Chota Talpat within six miles of the border. All other roads were repaired and maintained generally in good condition.

(b). *Village roads.*—These were kept up in a decent condition. The village road from Burrabazar towards Manbazar has progressed considerably during the year under report; the road was started last year.

(c). *Cart serais.*—(Sudder sub-division). The serais at Tholin, Joypore and Nodiarah were thoroughly improved by roofing the sheds with tiles and gravelling the compound; and general repairs were done to all other serais and their compounds.

(d). *Bundhs and trees.*—The two large bundhs at Baugoordah (the embankment of which forms part of the Burrabazar and Kailopal road) and Purnapani were repaired and maintained properly. The trees planted along the station roads were watered and taken care of. Some young trees were also planted.

6. *Govindpore sub-division*.—Nothing by way of "Original works" done here, only repairs to existing roads, &c. Of these the most important is the road from Govindpore to Toondi, which was greatly improved by laying down earthwork, and constructing some cheap stone culverts. As far as funds permitted, the approaches to unbridged nullahs were also improved. The Govindpore station roads were repaired and maintained fairly well. An old famine road from Nirsha to the Burrakur river, in the direction of Jamtara, was taken up for repair, and much improved by earthwork and construction of stone culverts. The portion of road between Nirsha and Poddardi was made fit for cart traffic.

The village roads—In the Govindpore sub-division were maintained and repaired satisfactorily. The Rajgunge-Nowagar road was improved by sloping down approaches to gaps and unbridged nullahs. Portions of the Jhorrya road were also improved.

The cart serais—In this sub-division were properly repaired and maintained.

Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1887-88, and they have been duly scrutinised by the Sub-Committee.

Also that the Treasury Officer's Abstract of the Account of the Committee for the year has been duly received and checked with the cash and pass-books, and found to agree therewith, except in respect of the amount of imprest in the hands of the Accountant, which has been duly noted in the cash-book.

That the vouchers for the payments of the year have been cancelled; that none but duly sanctioned expenditure has been incurred; and that in the case of Original Works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

* Road Cess Office:—(1) Cash-book; (2) Cash Abstract Book; (3) Register of Monthly Receipts and Expenditure; (4) Account of Deposits; (5) Account of Advances.

Explanatory Note.

The excess of Rs. 28-11-8 under head "*Establishment and Contingencies of Office of Collection*" is not actual, but simply apparent, as it includes a sum of Rs. 128-12-3 paid for unrecoverable process fees and wages of ticca peons, &c., provided in the budget under head "*Advances*." As a matter of fact there is a saving of nearly Rs. 100 under the above head.

No. 18R.C., dated Chyabassa, the 11th May 1888.

Memo.—By the Deputy Commissioner and Chairman, District Road Cess Committee, Singhbhum.

Copy of the following forwarded to the Commissioner of Chota Nagpore for information.

*Annual Report of Road Cess operations during financial cess year, 1887-88.***MIDNAPORE ROAD.**

1. *Repairs*.—The surface of the whole length of the road was dressed and kept in a pretty drivable state during the cold and summer seasons. The earthwork in the approaches of four new culverts on the 69th-70th mile was completed. The muddy portions of the first 22 miles, making up a total length of 5½ miles (excluding what had been done in the previous years), were gravelled. Repairs to bridges and culverts were attended to chiefly by pitching stones on the floor and down-stream side, as almost every one of them had got a heavy scour. One culvert on the 69th mile was entirely rebuilt.

Original work.—One road inspection bungalow was built on the 12th mile and three culverts on the 69th mile and 70th mile.

NORSINGPUR-BAHORAGORA ROAD.

2. *Repairs*.—The surface-dressing was done all through, jungle cleared and stubbed and the ramps of ghâts and unbridged nullas were made easy. All the temporary timber bridges were repaired.

BARAKAR ROAD.

3. *Repairs*.—The whole road was properly looked after and the surface dressed and kept in a pretty drivable state during the cold and the summer seasons. The heavy portions of the first 23 miles, making up a total length of about 5 miles (excluding what had been done previously), were improved by gravelling. Petty repairs to masonry were executed to some of the bridges and culverts, and stones were pitched on the down-stream side of almost every one of them to prevent a heavy scour.

Original works.—Two road inspection bungalows were built—one at Dugni on the 20th mile, and one at Raghunathpore on the 29th mile of the road. Part of the Subornorekha ghât improvement was executed, and the work is in progress.

BANDGAON ROAD.

4. *Repairs*.—The whole length of the road was surface-dressed and kept in good order all through during the dry season. The heavy portions of the first 13 miles, up to the river Sangai, making up a total length of about 5 miles, were gravelled. One timber platform bridge on the 3rd and one on the 7th mile were entirely rebuilt. Petty repairs to bridges and culverts were executed chiefly by pitching stones to protect the foundation of the flooring and curtain walls from being left bare by heavy scour.

Original works.—One road inspection bungalow was built at Myleperi on the 26th mile of the road.

JYNTOUR ROAD.

5. *Repairs*.—Surface-dressing was done over the whole length of the road which was kept in a drivable state during the dry season. About 4 miles of the heavy portions in the first six miles of the road were gravelled. One masonry culvert on the 6th mile and one bridge of 2 x 12 feet span were entirely rebuilt.

Original works.—One road inspection bungalow was built at Jorapokhooria on the 10th mile.

KHUSOWAN ROAD.

6. *Repairs*.—Surface of the road was dressed with petty repairs to earthwork and surfacing, and the ramps of ghâts and unbridged nullas were made easy wherever necessary. Muddy portions of the first five miles were gravelled. Four masonry pipe culverts were entirely rebuilt.

Original works.—Nil.

BAMONGHATTY ROAD.

7. *Repairs.*—Petty repairs were executed as far as funds permitted.
Original works.—Nil.

VILLAGE ROADS.

8. The village road Laigurn-Mujgaon was superficially repaired, and some others were touched here and there wherever urgently necessary as far as funds permitted.

ARBORICULTURE.

9. All the existing plants were fenced, and about 1,000 new trees were planted.

ESTABLISHMENT.

10. There was no District Engineer for about five months (April to October), the permanent incumbent having resigned, and the newly-appointed man, Baboo Nogensra Nath Chatterjee, having died of cholera within a month of his joining the appointment. Besides the District Engineer, the establishment consists of one Sub-Overseer, two road sikers, one clerk to the District Engineer, and one clerk and accountant to Chairman.

The subordinates have discharged their duties to satisfaction.

- (a) Election of Chairman and Vice-Chairman (sections 25 and 26).
- (b) Removal of Chairman or Vice-Chairman (section 28).
- (c) Casual vacancy in the office of Chairman and Vice-Chairman (section 39).

- (e) Preparation of annual budget estimate (section 51 and Government rule 71, Part VIII).
- (f) Bye-laws (section 139).

RULE 6.—All other subjects which come within the province of the Local Board may be dealt with at either ordinary or special meeting.

RULE 7.—The notice under rule 67 of the General Rules shall be given to each member with a copy of the list of business to be transacted, by transmitting the same by post or by such method as may be convenient; provided that a vernacular translation of the same shall be supplied to any member who does not understand English.

RULE 8.—Notices of motion accompanied by verbatim drafts must be sent to the Chairman in time to be included in the list of business for the next meeting. Notices received too late shall be inserted in the list of business of the next succeeding meeting.

RULE 9.—A notice book shall be kept by the clerk of the Local Board, in which all notices of motions shall be entered. All such notices shall be dated and numbered as received.

Adjourned meetings.

RULE 10.—An adjourned meeting is not competent to transact any business save that which the original meeting left unfinished.

RULE 11.—An adjourned meeting, being merely a continuation of the original meeting, does not require any fresh notice.

CONDUCT OF PROCEEDING AT MEETING, &c.

CLAUSE (b)—Order of business.

RULE 12.—At ordinary meetings the business shall be conducted in the following order:—

- (a) The minutes of the last ordinary meeting, and of any special meeting held since, shall be read, and, if approved as correctly entered, shall be signed by the President of such meeting.
- (b) Business postponed from the last ordinary meeting shall be considered.
- (c) A progress report of works shall be laid before the Board.
- (d) Letters and reports of Committees shall be read, and accounts and statements shall be considered and passed.
- (e) Motions of which due notice has been given to be discussed.

RULE 13.—At a special meeting only the business for which the meeting was called shall be considered; provided that, with the consent of the majority of the members present, any other business may be considered.

RULE 14.—In the event of any objection being raised to the manner in which any resolution has been recorded, the President shall decide the question after reference to the original draft of the resolution, and if he finds the minute to be inaccurate, shall make the necessary correction in the minute book.

RULE 15.—Unless by permission of the majority of the meeting, all subjects shall be discussed in the order in which they appear in the notice paper.

Of motions and amendments.

RULE 16.—Every motion and amendment duly moved must be seconded, and until seconded no debate thereon can take place.

RULE 17.—Every motion and amendment, after being reduced to writing under rule 74 of the General Rules, shall be signed by the proposer and seconder before being put to the vote.

RULE 18.—Every amendment shall be so worded as to be capable of making an intelligible sentence either alone or in its proper place in an original motion, as the case may be; provided that no amendment can merely negative the original motion.

RULE 19.—The President of the meeting may, for reasons to be recorded in writing and entered in the minutes of the proceedings—

- (a) rule that a motion or amendment is illegal or out of order, and
- (b) make such alterations in a motion or amendment as shall in his opinion render it legal and in order; and may in case (a) refuse to put the motion or amendment to the meeting, and in case (b) refuse to put the motion or amendment to the meeting unless and until the proposer and seconder accept and sign the alterations so made; and the decision of the President shall be final.

RULE 20.—After a motion has been moved and seconded, an amendment may be moved at any stage of the debate thereon.

RULE 21.—On the discussion being concluded, in the event of several amendments having been proposed, the President shall put the last amendment to the vote first; if it is negatived, he shall put the last preceding amendment, and lastly the first amendment; and if all the amendments are lost, the original proposition shall be put to the vote.

RULE 22.—When a motion or amendment has been put and been declared by the President to be duly carried, no further proposals for amending the motion or amendment can be entertained.

Of the right to speak.

RULE 23.—The member who first addresses the meeting shall be entitled to be heard first, and should more than one member rise to address the meeting at the same time, the order of precedence shall be determined by the President.

RULE 24.—Any member shall be at liberty to call the attention of the President to a point of order, even when a member is speaking. On a point of order being raised, the member addressing the meeting shall resume his seat until the question has been decided by the President. After the decision of the President, the same point of order cannot be raised again. Except as provided by this rule, no member shall interrupt a speaker in possession of the meeting.

RULE 25.—Except as provided in the last preceding rule, no member shall speak except to move or second a motion or amendment, or to support or oppose a motion or amendment which has been duly moved and seconded.

RULE 26.—A speaker who has exhausted his right to speak on an original motion may speak on any amendment being moved, as that raises a new question.

RULE 27.—The mover of a motion or amendment shall in all cases have a right of reply, but otherwise no member shall speak more than once on the same motion or amendment, unless in explanation of some part of his original speech.

Miscellaneous.

RULE 28.—Unless not less than two-thirds of the members of the Board consent by signing a requisition, no subject once finally disposed of can be reconsidered within six months.

RULE 29.—For purpose of taking into consideration business involving many details, the meeting may resolve itself into a Committee of the whole body. When this has been determined on, the rule prohibiting any person from speaking more than once on the same question shall be deemed suspended until the meeting resumes.

RULE 30.—When a motion or amendment is put to the vote, the President shall record against it, first, the names of members voting for it, and then the names of those voting against it.

RULE 31.—Voting by proxy is prohibited; and no member may vote upon any motion or amendment unless he be present in person at the time when it is put to the vote.

RULE 32.—The minutes shall contain a brief abstract of the discussion preceding each resolution.

Of protests and dissents.

RULE 33.—Protest must be limited to a concise and definite statement of the motives which prompted the votes of members who voted in the minority on a given question.

RULE 34.—Protests must be handed to the Chairman before the conclusion of the meeting at which the resolution protested against was passed.

RULE 35.—Protests duly made shall be appended to and published with the minutes.
